## A Peek at our Week

17<sup>th</sup> January 2019

### Our Learning this Week

The children have started the new term ready to embrace their learning and new skills. They came in wearing their own hats to celebrate our new literacy book and we have had an afternoon of boot camp to build up the children's core strength.

### Physical Development

#### Boot camp day

On Monday we spent the afternoon playing games and learning new physical games. The children learnt to skip using a skipping rope, balance and learnt hula-hooping skills, they danced on tyres to music, developed their core strength through yoga, ran races and had a circuit training session.

### Phonics

This week we have been working on our reading and comprehension skills. The children have been trying so hard with their phonics and many of them have tackled trickier books over the past few weeks. It is great to see how well they are doing with their reading. Please continue to support your child with these skills at home when you read, talking about the stories and what is happening.

### Maths

#### 3D shapes and song

This week we have introduced 3D shapes. We have learnt the properties of cube cuboid

Our 3D shapes song (tune of BINGO):

3D shapes are flat not flat.  
A cone is like a party hat!  
A sphere is like a bouncy ball.
